

EPUAP

2022

The 22nd Annual Meeting of the
European Pressure Ulcer Advisory Panel

14 – 16 September 2022, Prague, Czech Republic

www.epuap2022.org

Innovation and guidelines to improve
patient outcomes: a journey to travel together
in the light of new challenges!

Partnerships: Masaryk University, Faculty of Medicine, Brno; Institute of Health Information and Statistics;
Czech Wound Management Association; Ministry of Health of the Czech Republic

EPUAP 2022 CHAIR

Andrea Pokorná, Masaryk University, Faculty of Medicine, Department of Health Sciences, Brno

EPUAP 2022 LOCAL ORGANISING COMMITTEE

Petra Bůřilová, Masaryk University, Faculty of Medicine, Department of Health Sciences, Brno

Dana Dolanová, Masaryk University, Faculty of Medicine, Department of Health Sciences, Brno

Michal Hájek, Ostrava University, Department of Biomedical Sciences, Ostrava

Jitka Klugarová, Czech Health Research Council, Prague

Miloslav Klugar, Masaryk University, Faculty of Medicine, Czech National Centre for Evidence-Based Healthcare and Knowledge Translation

Lenka Krupová, Faculty Hospital Ostrava, Department of Dermatology, Ostrava

Michal Pospíšil, Masaryk University, Faculty of Medicine, Department of Health Sciences, Brno

Gabriela Rozínková, Masaryk University, Faculty of Medicine, Department of Health Sciences, Brno

Simona Saibertová, Masaryk University, Faculty of Medicine, Department of Health Sciences, Brno

Alice Strnadová, Ministry of Health of the Czech Republic, Department of Nursing and Non-medical Professions, Prague

Jan Stryja, Salvatella, s.r.o., Třinec

MAIN TOPICS

- Pressure ulcer aetiology and the early detection of skin and subdermal damage
- What are recent innovations & advanced interventions in pressure ulcer prevention?
- Why are pressure ulcers associated with quality of care and patient safety?
- Pressure ulcers in specialist care settings and populations
- Preventing and treating pressure ulcers in individuals with long-term health conditions
- The guideline journey: how to generate, summarize and implement trustworthy Evidence-based Health Care guidelines?
- Pressure ulcer prevention across the continuum of care – challenges faced in the community
- How to integrate person centeredness into policy making and practice?
- What are effective strategies for patient, informal carers and non-professional pressure ulcer education?
- How can e-Health and big data play a role in pressure ulcer prevention and management?
- Innovations and advanced interventions in pressure ulcer treatment

THE 2022 PROGRAMME INCLUDES

- key sessions
- free paper sessions
- student free paper sessions
- large selection of workshops
- industry workshops and symposia
- award sessions

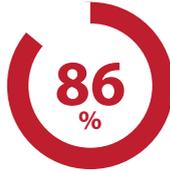

WHY ATTEND THE EPUAP ANNUAL MEETING?

- The EPUAP Annual meeting is a great educational event for professionals in the field of pressure ulcer prevention and treatment.
- The conference offers an extensive scientific programme including key sessions led by key opinion leaders in the field and a large selection of interactive sessions.
- You will get the opportunity to find out about the latest developments in the field, exchange knowledge with international colleagues and get information and contacts from the exhibiting companies.

WHAT DO THE ATTENDEES THINK ABOUT THE EPUAP ANNUAL MEETING?

Think there was adequate time available for discussion and learner engagement

Agrees the scientific content is free of commercial and other bias

Implement the information learned in their practice

Agree that the event fulfils their educational goals and expected learning outcomes

**data from the EPUAP 2019 delegate survey*

EPUAP 2022 WORKSHOPS

- The role of risk assessment in pressure ulcer prevention (*Susanne Coleman, Great Britain*)
- GIBBON workshop (*Kevin Moerman, Ireland*)
- Pressure ulcer prevention in younger population (*Guido Ciprando, Italy*)
- Debridement (*Lucie Charbonneau, Switzerland and Steven Smet, Belgium*)
- Wound assessment (*Helen Strapp, Ireland*)
- Skin care considerations for the patient in the prone position (*Dimitri Beeckman and Anika Fourie, Belgium*)
- Pain in pressure ulcers (*Jane Nixon, Great Britain*)
- Repositioning (*Menno Van Etten, Norway*)

EPUAP 2022 AWARDS

EPUAP Quality Improvement Awards

This award aims to recognize and acknowledge innovative quality improvement projects relating to the prevention of skin breakdown. A special session will be dedicated to the Quality Improvement Projects Awards at EPUAP 2022 and the award winners will present their projects.

EPUAP Excellence in Education Awards

This award aims to recognize and acknowledge excellent education strategies and projects relating to all domains of pressure ulcer prevention and treatment. The award winners will be presenting their projects in a special session dedicated to the Excellence in Education Awards at EPUAP 2022.

EPUAP Investigator Award

The EPUAP Investigator Awards are awarded for a significant, internationally-recognized contribution to pressure ulcer research and comprise:

- The EPUAP Early Stage Investigator Award (awarded to a researcher at an early career stage)
- The EPUAP Experienced Investigator Award (awarded for a significant, internationally-recognized contribution to pressure ulcer research)

Both prizes can be awarded for either basic science or clinical science achievements, and they reflect accomplishments that contributed to advancing in the field.

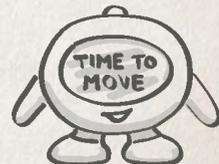

one GOAL worldwide:

STOP
PRESSURE ULCERS
17th November 2022

How can you get involved?

- Host educational activities on prevention and treatment of pressure ulcers
- Organise awareness raising events to share information about pressure ulcers
- Reach out to your local community to inform them about pressure ulcers
- Make policy makers aware about pressure ulcers
- Join Stop Pressure Ulcers community on Social media

ABOUT EPUAP

VISION

The European Pressure Ulcer Advisory Panel (EPUAP) provides a platform for clinicians, researchers, educators, policy makers, industry, and the public to collaboratively work on improved health outcomes for those at risk or suffering from pressure ulcers. EPUAP provides EU wide education and campaigns with accessible resources for clinicians and the public and supports international and interdisciplinary research activities and partnerships. An important focus is the development of cross-continent international clinical guidelines to support practitioners in making informed decisions about interventions for prevention and treatment.

A very important activity for the EPUAP is the annual conference. These meetings are aimed at bringing together clinical care practitioners, researchers and people from the industry, to discuss the current status of the problem in Europe and the world and to discuss new developments in pressure ulcer prevention, treatment and care.

EPUP BUSINESS OFFICE

PARTNER ORGANISATIONS

Institute of Health Information and Statistics of the Czech Republic

was established in 1960. The Institute is an organisational component of the State, its founder is Ministry of Health.

National Health Information System is defined in Act no. 372/2011Sb, On health services and conditions of their provision (Act on health services) in Section 70, paragraph 1 (the Act is valid since April. 2012).

The Faculty of Medicine of Masaryk University is one of the nine faculties of Masaryk University, which specializes in teaching medical disciplines, medical specializations and scientific research. It was founded in 1919 and is one of the four oldest faculties of the university. At present, the Faculty of Medicine is one of ten medical faculties in the Czech Republic.

Czech Wound Healing Society. We are a Civic Association of doctors and nurses of various specialization in clinical medicine from all of Czech republic. Our association was created out of the need to provide the highest quality care for chronic wounds and defects that are based on the latest research. Members include physicians of various specializations, nurses from hospitals as well as home care, graduate students and academics. Lay caregivers are also welcome to become members.

The Ministry of Health of the Czech Republic is the central state administration body in the field of health care and public health protection.

EPUAP 2022 PRELIMINARY PROGRAMME OVERVIEW

Wednesday 14 September 2022	
08:00 - 09:00	Registration, badge and bag collection, exhibition
	Plenary hall / Zenit Breakout room 1 / Nadir
09:00 - 10:00	Opening Ceremony <ul style="list-style-type: none"> Welcome by the EPUAP President, <i>Jan Kottner</i> Welcome by the EPUAP 2022 Chair, <i>Andrea Pokorná</i> Representatives of the local institutions
10:00 - 11:30	Plenary Key Session: Navigating the journey from evidence generation to guideline development <ul style="list-style-type: none"> Guidelines- methodology; <i>Katrin Balzer</i> Guidelines for pressure ulcer prevention and treatment: past and present; <i>Jan Kottner</i> Credible guidelines need reliable methods: the state of the art; <i>Holger Schunemann</i>
11:30 - 13:00	Lunch break, exhibition 12:00 - 12:45 Poster presentations A
13:00 - 14:15	Key session 2: Pressure ulcer aetiology and the early detection of skin and subdermal damage <ul style="list-style-type: none"> Our contemporary understanding of the aetiology of pressure ulcers/injuries and how to apply it for effective prophylaxis; <i>Amit Gefen</i> Linking pressure ulcer aetiology with early pressure ulcer detection – a key to success?; <i>Zena Moore</i> Linking Aetiology with non-invasive measurements to predict skin damage; <i>Peter Worsley</i> Award session: Investigator Awards <ul style="list-style-type: none"> A life devoted to children: a novel leadership model in pediatric wound care intensities during changing times; <i>Guido Ciprandi</i> Developing Algorithm Based on Activity and Mobility for Pressure Ulcer Risk Among Older Adult Residents: Implications for evidence-based practice; <i>Pinar Avsar</i> Understanding risk factors: research, clinical translation and impact; <i>Jane Nixon</i> Post-Pressure Prevention; <i>Lisa Tucker-Kellogg</i>
14:15 - 14:25	Short break
14:25 - 15:40	Key session 3: Why are pressure ulcers associated with quality of care and patient safety? <ul style="list-style-type: none"> The cost-effectiveness of using multi-layer foam dressings in the prevention of pressure ulcers; <i>Dimitri Beekman</i> Interacting last generation dermal/epidermal substitutes: in search of engraftment rapidity , tissue elasticity, absence of scars and total biodegradability; <i>Guido Ciprandi</i> Implementing new standardized workflow at the hospital, as a result of the improvement and patient safety effort regarding pressure ulcer (PU) prevention in the Pandemic COVID19 Intensive Care Unit (ICU); <i>Camilla Soerensen</i> Q&A EPUAP - EWMA Joint Session
15:40 - 16:25	Coffee break
16:25 - 17:40	Key session 4 : What are recent innovations & advanced interventions in pressure ulcer prevention and treatment? <ul style="list-style-type: none"> Skin injuries related with PPE usage among Czech and Slovak health professionals; <i>Natália Antalová</i> Costing and cost-effectiveness concerns of the prevention and treatment of pressure ulcer in short term care; <i>Csaba Dózsa</i> Why are pressure ulcers associated with quality of care and patient safety?; <i>Doris Grinspun</i> Awards session: Quality Improvement projects
19:30	Welcome reception

Breakout room 2 / Tycho

Breakout room 3 / Kepler

Aquarius

Leo

Free paper session 1

Free paper session 2
(13:00 - 14:00)

Czech symposium

Free paper session 3

Industry workshop
(14:25 - 15:25)

Free paper session 4

EPUAP Research Funding:
Exchange Scholarships

- Knowledge and attitudes about pressure ulcer prevention in the operating theatre: a Swedish nationwide study to develop and validate measurement instruments; *Karin Falk-Brynhildsen*
- Heel Pressure Ulcers: Back to Basics; *Bethany Keenan*

CZECH SYMPOSIUM PRESENTATIONS

All presentations will be in Czech language.

Strategy of prevention and treatment of pressure ulcers at national level in response to the EPUAP challenge

Strnadová Alice¹, Hofštetřová Knotková Michaela², Müllerová Nina³, Pokorná Andrea⁴

1 Department of Nursing and Non-Medical Professions, Ministry of Health of the Czech Republic, Prague

2 National Centre for Nursing and Non-Medical Professions in Brno

3 Quality Management Center, University Hospital in Pilsen

4 Department of Health Sciences, Masaryk University, Brno, Czech Republic

Dekubity.eu - information in one place

Hofštetřová Knotková Michaela¹, Müllerová Nina², Pokorná Andrea³

1 National Centre for Nursing and Non-Medical Professions in Brno

2 Quality Management Center, University Hospital in Pilsen

3 Department of Health Sciences, Masaryk University, Brno, Czech Republic

Monitoring of incidence and prevalence of pressure ulcers at national level – Adverse Event Reporting System and its development

Pokorná Andrea^{1,2}, Štřombachová Veronika¹, Mužík Jan^{1,2}, Kučerová Jana¹, Bůřilová Petra^{1,2}, Pospíšil Michal^{1,2}, Dolanová Dana^{1,2}

1 Department of the quality of care assessment, Institute of Health Information and Statistics of the Czech Republic

2 Department of Health Sciences, Masaryk University, Brno, Czech Republic

Breakout room 2 / Tycho	Breakout room 3 / Kepler	Aquarius	Leo
Workshop 8: Skin care considerations for the patient in the prone position, <i>Dimitri Beeckman and Anika Fourie</i> (09:00- 10: 15)	EPUAP Workshop 6: Wound assessment, <i>Helen Strapp</i> (09:00- 10: 15)		
EPUAP Workshop 5: Pain in pressure ulcers, <i>Jane Nixon</i> (11:00- 12:00)	EPUAP Workshop 7: Repositioning, <i>Menno van Etenn</i> (11:00- 12:00)		

Clinical practice guidelines on non-healing wounds – Czech experience

Stryja Jan¹, Pokorná Andrea²

1 *Salvatella s.r.o., Třinec*

2 *Department of Health Sciences, Masaryk University, Brno, Czech Republic*

Knowledge of Nurses in Relation to the Monitoring of the Incidence and Prevalence of Pressure Ulcers

Bůřilová Petra¹, Saibertová Simona¹, Pokorná Andrea¹

1 *Department of Health Sciences, Masaryk University, Brno, Czech Republic*

The Problem of Differential Diagnosis of Pressure Ulcers and Incontinence Associated Dermatitis in Clinical Practice – the Questionnaire Survey

Saibertová Simona¹, Šimečková Veronika¹, Pokorná Andrea¹, Randová Kamila¹, Švecová Tereza¹, Garajová Marie¹, Antalová Natálie¹

1 *Department of Health Sciences, Masaryk University, Brno, Czech Republic*

Quality of life in patient with non-healing wounds

Krupová Lenka^{1,2}, Andrea Pokorná³

1 *Department of Dermatology, University Hospital in Ostrava*

2 *Department of Nursing and Midwifery, Faculty of Medicine, University of Ostrava*

3 *Department of Health Sciences, Masaryk University, Brno, Czech Republic*

CME CREDITS

EPUAP has applied for CME accreditation by the UEMS-EACCME® for this event. The EPUAP Annual Meeting is usually credited with 14 CME credits. More information and number of credits awarded will be communicated on the conference website www.epuap2022.org.

EXHIBITION

There will be a commercial exhibition at the EPUAP 2022 Annual Meeting, where relevant companies will exhibit the latest products and developments in the field.

ACCOMMODATION AND TRAVEL

Congress venue: Clarion Congress Hotel Prague

Address: Freyova 33, 190 00 Prague, Czech Republic
Clarion Congress Hotel is an award-winning conference venue located in Prague 9, only 15 minutes away from the centre by metro.

Getting to the venue: Clarion Congress Hotel Prague is easily accessible by various types of transport. Going from the airport, one of the best options is taking bus 100 to Zličín and then changing to metro Line B which goes to the stop next to the hotel called Vysočanská. In case you prefer more comfort, taxi to the venue will cost you around 650 CZK.

Accommodation: A selection of hotels has been made for the conference participants. You can book a room at one of these hotels through the conference website.
